SKILLS

- **Languages:** Java, JavaScript, C, C++, Python
- **Technologies:** HTML, CSS, Git, GitHub, VS Code
- **Databases/Tools:** MySQL, MongoDB, Git, GitHub, Figma
- **Soft Skills:** Problem solving, Team collaboration, Time management, Adaptability

PROJECTS

AI SIGN Language glove for hearing impaired people | AI/ML • IoT • Embedded Systems • Assistive Technology

08/2025

- Developed a smart wearable glove to assist hearing impaired users through real-time gesture recognition.
- Integrated flex sensors and MPU6050 to accurately capture finger movements and hand gestures.
- Programmed an ESP32 to process sensor inputs and identify predefined gestures in real time.
- Implemented an OLED display to provide instant system feedback during gesture recognition and testing.
- Designed and tested the complete hardware-software system for reliable gesture-to-speech communication.
- Configured gesture thresholds to distinguish multiple predefined hand movements accurately.
- Connected and tested sensor modules to ensure stable data collection during system operation.
- Optimized the prototype for responsive gesture detection and consistent real-time system performance.

TRAINING

Lovely Professional University | CDP | Community Development Program

07/2026

Volunteer / Trainee | Dharamshala

- Participated in community development activities focused on identifying local needs and social challenges.
- Engaged with community members to understand concerns and gather relevant information through field activities.
- Assisted in organizing and carrying out assigned activities as part of the community development program.
- Worked collaboratively with team members to complete responsibilities and support program objectives.
- Documented observations, activities, and outcomes throughout the training period.
- Developed practical skills in communication, teamwork, coordination, and problem-solving through field experience.
- Gained firsthand exposure to community-focused initiatives and their practical implementation.
- Strengthened interpersonal and organizational skills through active participation in the program.

CERTIFICATES

- Python Completion Certificate | Coursera | **12/2025**
- Introduction to Gen_AI | Coursera | **01/2026**

EXTRACURRICULAR ACTIVITIES

- Participated in college activities and collaborative events, developing teamwork and communication skills.
- Actively engaged in technical learning activities related to programming, AI/ML, and emerging technologies.
- Contributed to community development activities through the CDP training program.
- Regularly practice programming and explore new technologies to strengthen technical skills.

EDUCATION

Lovely Professional University

Bachelor of Technology - Computer Science and Engineering; CGPA: 7.10

Phagwara, Punjab

08/2025 - Present

Addunik Public School

Higher Secondary Education; Percentage: 86.2

05/2024 - **03/2025**

Army Public School

Secondary Education; Percentage: 82.1
